

Sparkle & Shine Dance Spring Showcase Drop Off & Pick Up Info

Showcase weekend is almost here! In order for both our 11am and 4pm Saturday performances to go off without a hitch, we need all of our recreational parents help in making sure that drop off and pickup procedures are adhered to!

Drop Off procedures will remain the exact same this year as last:

- Parents will pull into the semi circle in front of the auditorium entrance at Wamogo
- An assistant or staff member will be there to collect your child and their belongings (parent's should get out of the car to help little ones, but will not go into the building at this time)
- The assistant or staff member will help bring your child into the building to receive their identification lanyard and locate their dressing room and backstage parent

Pick Up Procedures are slightly different this year to help with flow of the crowd that gather's in the lobby

- Following the finale, ***one parent*** will check in at the pick table (located in the main lobby)
- This parent will be allowed into the back hallway where they will await the arrival of their dancer
- Dancers will gather their belongings with assistants and backstage helpers, then will be escorted to the pickup hallway
- Once you collect your dancer and their items, backstage parents and assistants will direct you to walk around the backside of the auditorium (making a large circle) and back out to the lobby (this will make the flow of traffic much less chaotic and moving in one direction! This will alleviate the one door from having to be an entrance and exit!

PLEASE make sure your dancer is no longer wearing a lanyard at pickup! If you realize they are, please see someone at the concession stand in the front lobby to turn it back in!

Thank you so much for helping us in the process of keeping drop off and pick up seamless! Safety is our #1 priority and after 11 years, we think we have it down to a science!

We can't wait for showcase week,
Miss. Gabby & the SASD Staff
